

Bristol Bay Sockeye Resource Value & Share by Sector

Notes: First Wholesale (FW) value is compiled on a harvest year basis (June of fishery year through May of following year). Final ex-vessel value (EV) includes quality/production bonuses and retro payments. Percentages show fishermen's share of FW value by year. 2022 data is not yet complete.

Source: BBRSDA estimates based on data from Alaska Department of Fish & Game (Annual Management Report, Season Summaries, and COAR) and Alaska Department of Revenue (Alaska Salmon Price Report).
